4) Canvas course visibility options for external participants

Please mind that external participants access canvas by a public link. This means they have limited access to canvas tabs. By clicking the following link you learn more about these visibility options. Please use only those tabs which are active for public visibility:

[Sichtbarkeitsoptionen für Canvas-Kurse - Instructure Community \(canvaslms.com\)](https://canvaslms.com/instructure-community/sichtbarkeitsoptionen-fuer-canvas-kurse)

Please check the table "Visibility Comparisons" and only use tabs which are listed active with "public visibility".
